

ATTENTION SOUTH CAROLINA LOWCOUNTRY WOMEN IN CONSTRUCTION!

The National Association of Women in Construction (NAWIC) is officially forming a **NWA Chapter** and we want **YOU** involved!

NAWIC's Core Purpose - To enhance the success of women in the construction industry.

NAWIC is a professional Association comprised of women working in construction and related industries in a variety of positions. There are many advantages to being a member for both the employee and her employer. We offer networking, leadership development, community outreach, construction programs, scholarships, mentoring and more!

The charter process has already begun and the next steps will take place at our first official **Organizational Meeting on July 26th**. We need to get at least 25 women to submit applications prior to this meeting as well as have 25 women present at the meeting. This is YOUR chapter and we value your input so we encourage you to participate!

ORGANIZATIONAL MEETING OBJECTIVES:

- Discuss meeting times and goals for the chapter
- Vote on the chapter bylaws
- Vote on Board Officers
- Learn more about NAWIC for those that weren't at the pre-meeting in April.

(Note that only potential members with PAID applications can vote on the items above but can still attend the meeting.)
